

Wister Lake, Oklahoma  
Transfer of Land to the  
Summerfield Cemetery Association

FINDING OF NO SIGNIFICANT IMPACT

In support of the Water Resources Development Act of 1999 the U.S. Army Corps of Engineers, Tulsa District has assessed the environmental impacts of transferring ~7.32 acres at Wister Lake, Oklahoma. The transfer will be to the Summerfield Cemetery Association. The enclosed environmental assessment indicates the transfer would have no significant impact on the quality of the natural and human environment. Therefore, an environmental impact statement will not be prepared.
